

The Cameron Herald

VOLUME NUMBER 86.

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JULY 19, 1945.

NUMBER 13

LT. JAUNITA WOLLE AWARDED BRONZE STAR

Lt. Jaunita Wolle of Sharp, has been awarded the Bronze Star for her part in the rescue of prisoners of war held by the Japs in St. Tomas prison in Manila.

So far as known Lt. Wolle, an army nurse, is the first Milam county girl to be decorated with the Bronze Star Medal.

Mrs. H. F. Lange, mother of Lt. Wolle has just received notice of the award.

Lt. Wolle was among the first white nurses to enter Manila when the army under General MacArthur drove out the Japs.

Lt. Wolle writes that conditions have been greatly improved since liberation came to the great city of the Philippines.

A brother Pfc. Lawless Wolle is with the 7th Army in Germany.

Contracts Signed For Right of Ways On Rural Roads

Contracts were being signed late Friday by the Commissioners' Court agreeing to furnish right of way for three farm to market roads in Milam county totaling 20 miles.

The Highway Department made the designations two months ago but the contracts were not mailed until late Friday or possibly Saturday.

The county agrees to secure right of ways. One road is to be built from Tracy to Rockdale, one from Thorndale to San Gabriel and the other from Yarrington to Watts Switch.

Indications were no more allocations will be made to Milam county.

Lt. Margaret Black At Camp Swift

The youngest of nearly 900 nurses to take their basic course at the Army Nurses Training Center here is 2nd Lt. Margaret Sue Black, of Rockdale.

Although only 19, the youngest nurse is confident that she can take in stride all the hikes, calisthenics and drills they have on the four week's schedule.

"It's a lot of fun," she smiled as she came off of one of the short hikes in the first week. "The only thing that isn't fun is lugging these heavy shoes around."

Lt. Black, daughter of Mrs. Henry C. Black, Rockdale, began her nurse's training when she was 16 at King's Daughters hospital, Temple. Before enrolling in the ANC she was employed at McCloskey General Hospital.

She has wanted to be a nurse ever since she can remember. She likes surgery and for an assignment would like to be stationed with the Army of Occupation in Europe. Overseas now is a brother, Pfc. Henry C. Black, Jr., who fought on Okinawa.

Delamon M. Hayes Radio Man on Cruiser

ABOARD A LIGHT CRUISER IN THE PACIFIC — Delamon Moody Hayes, 26, radioman, second class, USNR, of Cameron, aboard this cruiser for two years, has participated in many operations in the Pacific.

At his battle station on the bridge, he has participated in actions at Wake, Marcus, Biak the Admiralties, and many others, including the invasion of the Philippines.

He entered the Navy in December, 1942, took basic training at San Diego, Calif., and attended radio school at Boulder, Colo., before reporting aboard in June, 1943.

His wife, Eloise, and son, Delamon Moody, III, and his parents, Mr. and Mrs. M. H. Hayes, live in Cameron. A brother, Reginald, is in the Navy.

CITY EQUALIZATION BOARD IN SESSION

The City Board of Equalization is in session and notices were to be mailed out Saturday to property owners advising that the Board will be in session July 24, 25 and 26, to hear complaints, if any why increases may not be made in property values.

The city's tax system is antiquated and there has been some demand for a study, possibly with the view of a certified value fixing for tax purposes. Inequalities now exist and the Equalization Board often finds it is unable to raise values because it has no certified inventories.

Much property escapes the rolls under the average system. The Board has no way to determine scientifically what the value of utility property may be and other properties.

The city's rendition form should be revised and modernized.

LT. BILL WALLACE IS HOME FROM PACIFIC

Lt. Bill Wallace, United States Army, is home from the Pacific after almost 3 years on active duty.

Lt. Wallace is still unable to discuss his duties because they are secret. He has received official commendation for outstanding service while on duty in the Pacific.

In the early stages of the campaign Lt. Wallace was on Guadalcanal where the first landings were made and has followed the battle fronts through all the campaigns and had reached Manila in the Philippines when he was given a furlough.

Lt. Wallace will return to duty when his stay is up at home and in the states. He will return to his headquarters in Manila.

Before he entered the service, Lt. Wallace was City Attorney. He resigned and volunteered and was soon assigned to important duties. While city attorney Lt. Wallace was highly regarded for his unselfish devotion to duty.

Lt. Wallace received his law degree from Harvard University and was associated with his father, E. A. Wallace in the practice of law here.

The Herald is waiting with interest to bring its readers more about Lt. Wallace and his experiences in the Pacific.

A brother, Sgt. John Wallace, Army Air Corps, was killed in the early fighting in the Pacific.

MRS. GRAHAM LOONEY DEAD AT FRIENDSHIP

Mrs. Graham Looney died suddenly at her home in the Friendship Community at 7:30 a. m. Saturday, July 14, 1945.

Mrs. Looney is survived by her husband, Graham Looney, and two daughters, Mrs. Everett Shelton and Mrs. M. M. Tabor of Friendship.

Green Funeral Home are making the arrangements, which are incomplete, other than services will be held at the Methodist Church at 4:00 p. m. Sunday, July 15, 1945.

Burial will be made in the Friendship Cemetery.

MARTIN L. TUCKER FUNERAL SATURDAY

Funeral services for Martin L. Tucker will be held at the chapel of the Green Funeral Home Saturday at 4 p. m.

Mr. Tucker, native resident of Cameron, but for many years making his home in Dallas and Chicago, died in the Mayo Bros. Clinic at Rochester, Minnesota, late Wednesday, July 11, 1945.

Known to old friends of many years as Dede Tucker, he was the son of the late John M. Tucker.

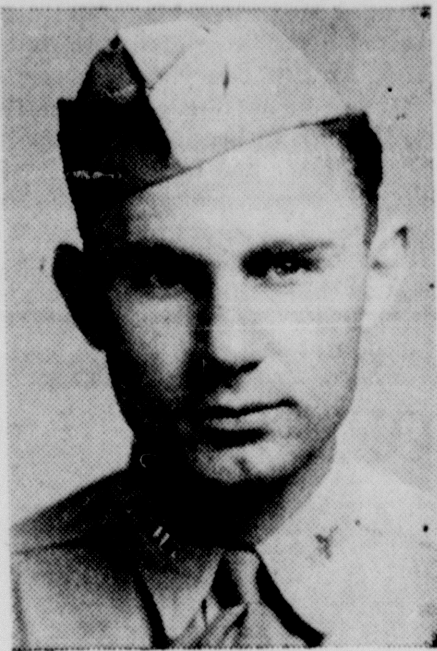

Rev. K. R. Isbell, pastor First Methodist Church, will conduct the services. The body will arrive in Cameron early Saturday accompanied by a brother, Wilbur Tucker of Chicago.

Pallbearers will be W. H. Stafford, Rush A. Thomas, Dan Tyson, Wyatt Wolf, H. M. Hefley, W. O. Triggs, Albert Collins and James L. Coleman.

Mrs. Fred Lange and son of Houston have concluded a weeks visit with her parents, Mr. and Mrs. Marshall Terry, and her grand mother, Mrs. M. W. Price. Mrs. Lange's husband is a lawyer for the Gulf Corporation.

Mrs. Cecil Criswell of Buckholts visited in Cameron Friday.

Receives Wings

2ND LT. CLAYTON MODE

BIG SPRINGS—Among the young "hell from heaven" men who won their silver wings at the Big Springs Bombardier School is one Cameron man who graduated with Class 45-11B and received his commission as a flying officer in the Army Air Forces.

2nd Lt. Clayton Darrell Mode, whose wife lives at Selman City, is the son of Mr. and Mrs. John Mode of 504 East 15th Street. He is a graduate of Yoe High School and a former student of the University of Texas.

Already skilled aerial gunners before their training here, these men have been thoroughly schooled in the use of the famous Norden bombsight and have mastered the art of precision bombing as well as the principles of dead reckoning and pilotage navigation. They are the real triple-threat airmen, these young bombardier-navigators.

Upon graduation these new Army Air Forces officers wear the silver wings of the rated bombardier. They have received the best training in the world and now leave the AAF Training Command, each to become the member of the combat crew known as the "hell from heaven" man.

NEGRO ROBBER SHOT BY OFFICERS SUNDAY

Floyd Malone, negro whose home is in Baytown, was shot and slightly wounded around 7 p. m. Sunday by Sheriff Carl Black while attempting to escape after being commanded to stop.

The negro was being sought in connection with robberies of homes in Cameron and Baytown.

Acting on information from Baytown officers, Sheriff Black and Deputy Douglas Barron, began looking for the negro and found him in The Flat, a negro section along the Southern Pacific tracks. As the officers sought to arrest him, Malone made an effort to escape. He was shot while running, the bullet making an ugly flesh wound across the negro's back. The negro ran north along the tracks and was fired on by Deputy Barron. The negro took refuge in a hedge row near the apartment house which was formerly the Lankford Hotel where he was taken into custody.

Anna Lee Sams, negroess, companion of Malone was also arrested. They were occupying a house in The Flat. Considerable loot was recovered.

Clothing stolen from the David Bryan home was recovered. The Bryan home was robbed Friday afternoon. Two other homes in the same neighborhood were tested but not robbed. They are the Brewer and Robinson homes. The negro knocked on the doors and when he found the families at home explained he was hunting the Maysfield road.

The Del Fuller home in the western section of the city was robbed Sunday while the family were at church. Also another home in the same neighborhood was burglarized. The officers did not learn the names of the owner. In both instances the negroes took clothing.

The negroes confessed they had robbed a large number of homes in Baytown and also have admitted the Cameron robberies. Malone said Anna Lee Sams operated with him and he would steal the clothing and she would dispose of them by selling.

Malone is also wanted in Houston for robberies of homes.

Mrs. Hilmer Von Quintur the former Miss Jean Pfarrdrescher of Austin is visiting her mother, Mrs. E. J. Pfarrdrescher of Camero. Her husband is stationed at Sheppard Field.

MONEY IS READY FOR VETERAN FARM LOANS

Servicemen of Milam County returning from military duty and interested in establishing themselves on family-type farms may apply at the Farm Security Administration office for a government loan covering full cost of land and improvements, according to William H. Gore, FSA Supervisor. A limited number of such loans may be made in this county as a result of a new \$25,000,000 appropriation Congress voted for veterans.

For 1945-46 Congress voted FSA more than three times as much money as it did in the last fiscal year for loans to farmers under provision of the Bankhead-Jones Tenant Purchase Act. The agency will have \$50,000,000 as against \$15,000,000 for last year. One-half of this has been set up as a program specifically for ex-soldiers.

Veterans will have the same terms as other farmers. Loans may run for 40 years and bear three per cent interest. Only those who are unable to obtain adequate financing through other sources are eligible for an FSA loan.

Applicants are invited to visit the FSA office at Cameron after locating the farms they want to buy. Each farm is appraised in line with its actual value based on its long-time earning capacity. The FSA committee of local farmers determine the eligibility of applicants. Hugh Caffey, P. W. Davis, James H. Majors and Walter H. Fuchs comprise the committee in this county.

NEGRO DIES FOR NEED MEDICAL ATTENTION

Clint Loyd, 45, negro, died at 4:20 p. m. Monday, July 16, 1945, as the result of a stab wound Sunday and because of the lack of medical attention.

Tootsie Benson, negro, at one time financed by white men in the operation of a beer tavern in The Flat, and who has run afoul of the law on other occasions, has been charged with murder, but as usual released on a \$2,000 bond.

Loyd who was stabbed by Benson in a row over a \$2 debt was taken by Sheriff Carl C. Black for an examination.

Sheriff Black took Loyd to Dr. C. G. Swift, county health officer, late Monday when it became known the negro was gravely ill. An X-ray examination disclosed the negro's lung had been punctured. Benson used a screw driver to stab the negro.

Recently a negro who had been beaten by two white men died for the lack of a blood transfusion.

As in the case of Loyd, his skin was black and he was not therefore entitled to medical aid the same as a white man. It is one of the most shameful occurrences in the history of the county.

Benson was promptly bailed by two white men who had also offered to pay the negro's fine on the previous day. Benson has had prompt similar support in most of the cases in which he has been involved.

Sale of beer and liquor in Cameron on Sunday violation of the law may or may not be responsible for much trouble.

SEEK RELIEF FROM HOUSING SHORTAGE

Renewed efforts were being made here this week to relieve Cameron's critical housing problem with the announcement from Washington that the Federal Housing Administration had authorized 400 thousand homes to be constructed.

It should be remembered that this number of homes will not ease the housing demand but a few units may be wrested from the government for Cameron, a city which has received nothing during the critical war period.

A. W. McCullin, President of the Chamber of Commerce, said a special committee created at the last meeting would go to Houston this week. Local lumbermen are also working on the problem.

Local investors have indicated they will build if materials are made available.

Tom Hightower of Silver City transacted business in Cameron recently.

Gets Commission

2ND LT. HOMER A. CHAMBERS

Homer A. Chambers of Cameron, was commissioned a Second Lieutenant in the Army of the United States July 3, 1945, upon successful completion of the Officers Candidate Course at The Infantry School at Ft. Benning, Ga. Lt. Chambers is the son of Mrs. M. A. Chambers of East Main Street Cameron.

The new lieutenant was inducted in to the Army on September 25, 1944, and served with the 152 Bn. Camp Hood, before going to Officers Candidate School four months ago. He held the rank of Private before being commissioned.

The new officer is a graduate of Yoe High School at Cameron.

At The Infantry School, World's largest institution of its kind, the local officer took a four months' course to fit him for his new responsibilities. The course covers the technique of handling all the varied modern infantry weapons and tactics of leading small infantry units in combat. At the same time he is taught such diverse, yet necessary, subjects as military law, mess management, and administration, and is constantly impressed with the enormous responsibility of an officer in time of war.

QUOTA BY \$76,081.25 E BOND SALES EXCEED

A late tabulation from the United States Treasury Department at Dallas shows that Milam County's E bond quota for the Seventh War Loan was oversubscribed by \$76,081.25. This report is final and under date of July 12. Out of 251 counties in Texas tabulated, Milam ranks No. 81.

The percent of E bond quota attained for our County was 121.1. The Overall quota for Milam was oversubscribed by \$1,392,483.25.

MEMORIAL SERVICES

Memorial Services for William Jeter Newton will be held at First Baptist Church in Cameron, unday, July 22nd at 4 p. m. Friends are cordially invited to attend.

Newton was serving in the Navy as Storekeeper 2nd Class aboard the USS Bismarck Sea when it was attacked and sunk on February 21, 1945, by Japanese suicide planes off the coast of Iwo Jima.

Capt. Leonard S. Mewhinney, Navy, Promoted; Has Seen Much Action in This War; Highest Ranking Naval Officer From Milam County

Capt. Leonard S. Mewhinney, United States Navy, has recently been promoted to his present rank from that of Commander and at present is Adjutant to Rear Admiral J. H. Brown, Jr., in the Alaskan Theatre of operations.

Capt. Mewhinney is the highest ranking naval officer among the men now serving from Milam county. He is the son of Mr. and Mrs. Sam Mewhinney of Buckholts and recently visited his home. The next promotion in rank for Capt Mewhinney will make him a Rear Admiral.

Capt. Mewhinney is a graduate of Annapolis Naval Academy, the class of 1927 and was 20 years old when he

RAT ERADICATION WILL BEGIN HERE ON JULY 23

Beginning Monday, July 23, an extensive rodent control program will be launched in the City of Cameron to rid the town of rats. The program is to be sponsored by the local health unit in co-operation with the U. S. Department of Interior and Extension Service Division of A and M College. The campaign will be under the direction of D. S. Wimberly, Sanitarian of the local unit and James E. Poore, Assistant District Agent of the College.

A program of this kind was conducted in the City about a year ago but was not very successful due to lack of co-operation on the part of some of the business establishments. This is an expensive program and requires much time and effort and it is desired that every one will co-operate in making it a thorough city wide campaign. Unless this is done it will be a waste of time and money because no good results can be obtained unless every building in the City that is infested can be poisoned. If you have not been contacted by the Sanitarian and your buildings listed, call the local health unit, Chamber of Commerce or the City Secretary and list your buildings, in order to save time.

The program is intended to cover both the business and residence sections of the City. Thallium Sulphate will again be used in the business establishments. This is very dangerous poison and even though it will be handled by trained men you are urged to remove all pets and domesticated animals from this section. For residence the poison will be available at health unit offices, Chamber of Commerce and City Hall on July 26, 27, 28 only. The poison used for residences will not harm pets and domesticated animals and every one is urged to come and get the poison and use it in homes, barns, garages or any (turn to page four)

Cpl. Alphonse Mikulec Will Return to States

With the 2d Infantry Division in the European Assembly Area—Cpl. Alphonse E. Mikulec, Rt. 1, Cameron, is being processed at camp Norfolk Assembly Area preparatory to return to the United States following overseas service in Europe.

Member of the band, Second Infantry Division, he has been overseas 21 months.

The Division, which came ashore in France, on D plus one, 7 June 1944, fought five campaigns in France, Belgium, Germany and Czechoslovakia and won fame when it held its position in the path of the Nazi's winter counter offensive and refused to be driven back.

Called the Indianhead Division because of its colorful shoulder patch, the Second had a major role in the Normandy breakthrough, accepted the surrender of Brest, took part in the encirclement of the Ruhr and was the first division to enter Leipzig.

The Second fought most of its campaigns with First Army, which now has its headquarters at Fort Jackson, S. C.

assumed his first duties in the navy. During the peace years and those preceding the attack on Pearl Harbor, he was serving with distinction and playing a rapidly expanding role in fleet affairs.

Capt. Mewhinney spent his boyhood days in Cameron and graduated from Yoe High School. He was a brilliant high school student and did the unusual by gaining admission to Annapolis without pre-college training.

In the early stages of the present war Capt. Mewhinney was a submarine commander in the Pacific, taking one among the first undersea crafts into combat against the Japanese navy.

PUBLISHER'S NOTICE

The Herald comes to its readers a day early this week and will also be mailed early next week because the plant will be closed for two weeks beginning Monday, June 23, 1945. This unusual announcement is dictated by conditions brought on by war. It is necessary that employees of The Herald have a few days of rest. Therefore the suspension for two weeks of the Daily and for one week of The Weekly is necessary. To bring you the paper each week has meant a great deal of sacrifice because of the shortage of skilled workmen. We are taking a few days off for a needed rest and will be back with you after August 6th.

THE PUBLISHERS.

BRYAN HOME IS ROBBED IN DAYLIGHT BURGLARY

One of the boldest robberies in the history of the City occurred between 2:30 p. m. and 3:20 p. m. Friday when the home of Mr. and Mrs. Dave Bryan was ransacked and burglarized.

Mrs. Bryan telephoned the Herald early Saturday to give the story of what happened when the burglars entered the home.

She said they left the home at 2:30 and returned within 50 minutes. The home was not locked because she planned to return in a few minutes, having driven to town in her car. Mr. Bryan who manages the Fairmount Creamery Company was the heaviest loser when quantities of clothing were taken.

Mrs. Bryan said the beds were stripped of sheets, pillow cases were taken from pillows and the beds disarranged. The stolen clothing and other items were placed in suit cases also stolen from the home.

The thieves concentrated on scarce items, taking all underclothing, one pair of new shoes belonging to Mr. Bryan, cigarettes, toilet tissues, paper napkins. A piggy bank with \$7 was also robbed. All dresser and cabinet drawers were opened and ransacked.

Mrs. Bryan said she believed the thieves were still in the home when they returned. They spent a few minutes outside, driving a cow from the yard. The home is located north of the country club road and next to Mrs. Guy Slocomb. A short distance away is a dense wood.

The pantry was ransacked and the thieves were preparing to have a meal and drink some beverage. They took soap, a very scarce item. One item of value was a white skirt, a part of a suit owned by Mrs. Bryan.

The thieves had also disconnected

the radio, had taken a electric iron, lawn mower and a electric fan and prepared them for theft but did not get away with them. Also some shot gun shells.

The thieves took some jam from the pantry. Mrs. Bryan said she had not yet completed the check up and may find other items stolen.

Officers were notified but so far have not reported any arrests, said Mrs. Bryan.

Robberies in the county have been frequent. Citizens here believe they will increase. Leniency in law enforcement and light fines and penalties when law breakers are caught tend to encourage instead of discouraging crime. A band of Gypsies were questioned in the Bryan robbery. Bums, transients, idlers, vagrants and lazy people who infest the streets should be driven out or put to gainful work in this time of war and break down of law enforcement.

Hubert Atkinson of Maysfield transacted business in Cameron Thursday

Mr. and Mrs. Bob Brown and children of Waco visited Mr. and Mrs. S. E. Brown over the week end.

Mr. and Mrs. James Otter of Port Arthur visited relatives and friends in Cameron recently.

James Gilliland Fights in Pacific

ABOARD THE USS FLETCHER IN THE PACIFIC—James J. C. Gilliland, seaman, second class, USNR son of Mr. and Mrs. Jim Gilliland, Rt. 3, Cameron, fights aboard this destroyer which has piled up a great war record while battling Japanese ships, planes and submarines over 200,000 miles of the Western Pacific.

Her guns have downed 11 Jap planes and submarines overhauled eight others. The Fletcher has sunk a cruiser, assisted in sinking another and heavily damaged two destroyers. She has sunk one submarine and is

credited with the probable sinking of another. She has rescued more than 1,000 survivors from five stricken ships, five planes and a submarine.

In the bitterly fought naval battle off Savo Island during the dark days of November, 1942, she emerged as the only undamaged American warship. Her guns caused heavy damage to the enemy, however. She downed five attacking Jap planes, helped blast three others to destruction, sank a heavy Jap cruiser and assisted in sinking a light cruiser.

Throughout her 11 star campaigns, the Fletcher has taken part in three surface engagements with the Japs, been in 31 separate anti-aircraft actions, five anti-submarine attacks and 16 major shore bombardments.

PACE-WALSTON

Seaman Preston Walston and Marie Pace of Corpus Christi were united in marriage, Tuesday, July 10, 1945. County Judge Jeff T. Kemp read the marriage vows.

The young couple were accompani-

ed by Mr. and Mrs. Cotton Bryan, sister and brother in law of the groom. They will make their home in Corpus Christi.

E. A. Camp of Rockdale transacted business in Cameron Wednesday.

FARMERS TO BENEFIT from new telephone developments

The telephone company is preparing a wide-range program to extend and improve farm telephone service. The goal is to bring telephone service to the greatest possible number of farm families.

Before the war, new devices and methods to serve rural areas were being tested and developed. Among them are stronger wire that takes fewer poles, a new type of wire to bury underground, a way to send telephone conversations over electric power lines, and possibly a radiotelephone system to reach outlying regions.

Just as soon as the war permits, we'll be hard at work on the farm job. It's not a new job—nearly 400,000 farm families have had telephones put in since 1940. But there's room for many more, and room for improvement. We're exploring every means of making farm telephone service better and easier to get.

SOUTHWESTERN BELL TELEPHONE CO.

MARCH OF TIME

Called upon by President Truman to take a stronger part in the Government, Congress today faces some of the most complex problems in U. S. history. The March of Time's "Spotlight on Congress" shows why Senators Robert Taft, Arthur Vandenberg and other members of the Republican Steering Committee (upper right) and House leaders, like Speaker Sam Rayburn, Majority Leader John W. McCormack and Democratic Whip Robert Ramspeck (lower left), are on new importance. Many people, both within Congress and outside, have expressed doubt that these men can do their job properly with Congress's present organization. The National Planning Association recently asked Industrial Engineer Robert Heller (lower right) to make a study of Congress and report his recommendations. Among these are elimination of seniority chairmanships of committees, increased salaries, pensions and an extensive research staff for Congressmen. If such recommendations are adopted, they will be the first major changes in Congress for thirty-five years.

NAVAL AND AIR RING TIGHTENS ON JAPS

Early Saturday units of the American fleet bombarded targets off the mainland of Houshu while carrier base planes were ripping up air fields and entirely unchallenged.

Japan's air arm has been completely crushed.

More than 1,000 U. S. Third Fleet carrier planes are again attacking Japan, striking for the first time at the northern most home island of Hokkaido as well as Honshu Island, hit in the American naval air assault Tuesday.

U. S. Fleet headquarters said today (Saturday) the new attacks "are continuing" and that the airmen of Vice Adm. John S. McCain, under Third Fleet Commander William F. (Bill) Halsey, had achieved "complete tactical surprise" in the dawn raids.

Hokkaido has been reconnoitered by a small number of Superforts, but never before had been the target of concentrated air attack. Specific targets were not mentioned in the communique. In Tuesday's raid on Honshu airfields around Tokyo 154 enemy planes were destroyed or damaged.

Japanese defenses on the perimeter of the vast Sambodja oil field in south east Borneo have collapsed, an Allied headquarters spokesman announced today, under the intense pressure of the Seventh Australian division pushing northwest from Balikpapan.

The Aussies in a four and half mile gain are more than 20 miles north of Balikpapan oil port, captured shortly after their invasion July 1, and latest reports put them at Bangsal, nine miles south of the town of Sambodja, heart of the oil field.

Nation's Leading Oil Transporter

Humble, through its vast pipe line system, is transporting more oil than any other system in the country. Nearly 700,000 barrels, or one-seventh of the nation's total production, moves through Humble pipe lines daily.

These Humble lines serve every major producing area in Texas as well as Southeast New Mexico. Humble has supplied one-third of all the oil moved to the East Coast through the "Big Inch" line built by the Government. This gigantic transportation accomplishment

is one of four significant FIRSTS* Humble has achieved in producing for war.

***FIRST** in U. S. crude oil production

FIRST to produce a billion gallons of finished 100-octane aviation gasoline at one refinery

FIRST in production of synthetic toluene

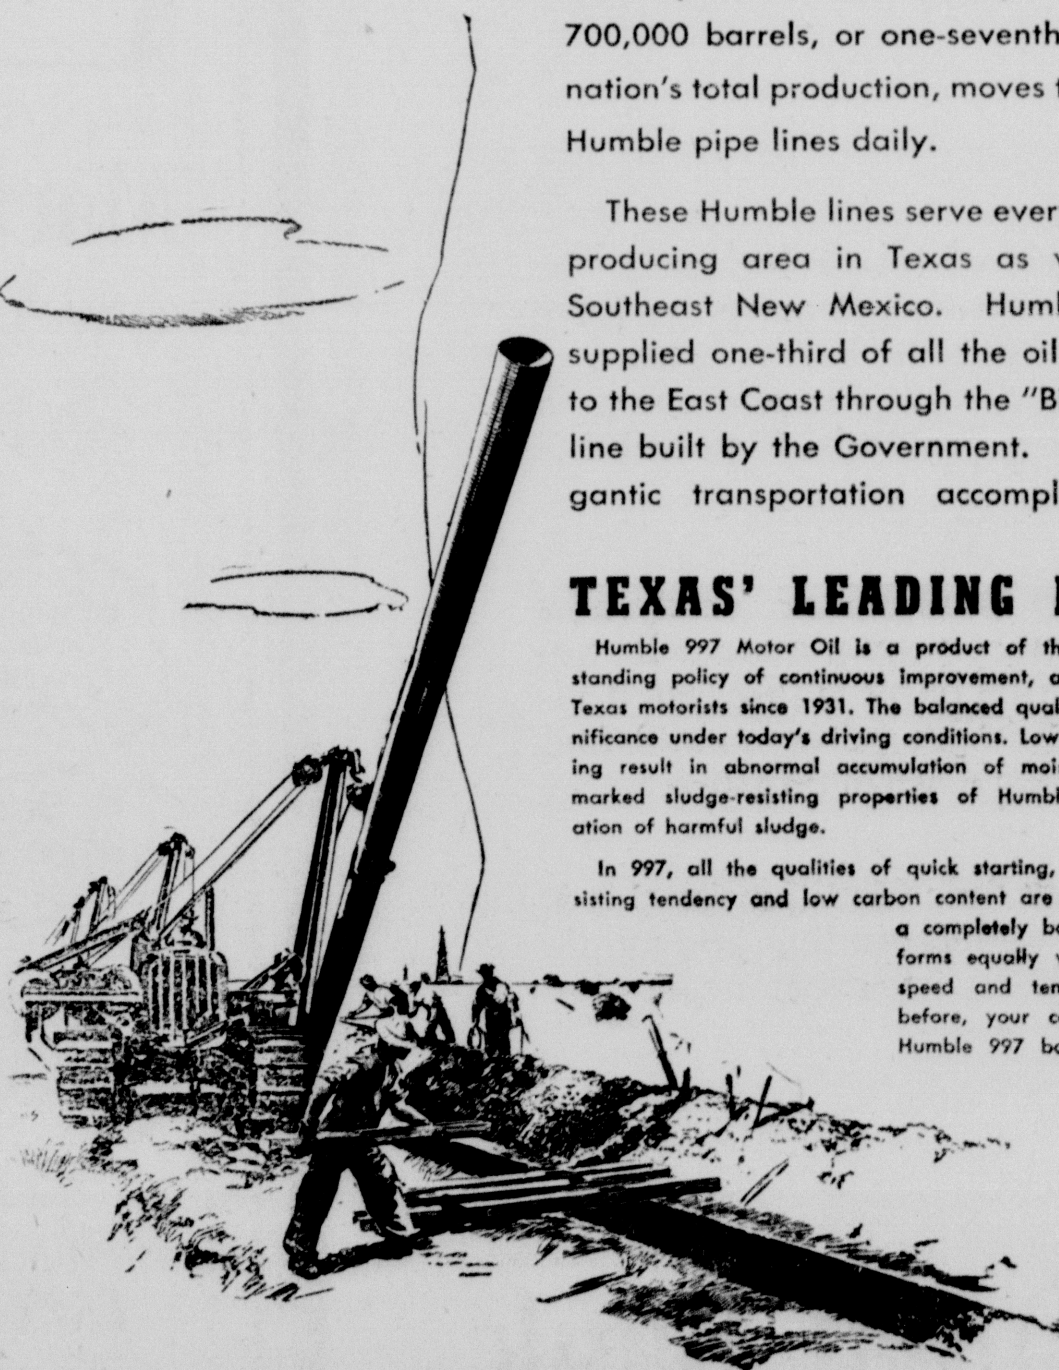

FIRST in transportation of oil by pipe line

Building on such resources as these, Humble technologists have been able to develop top quality Humble products for your car.

TEXAS' LEADING MOTOR OIL

Humble 997 Motor Oil is a product of the Humble Company's long-standing policy of continuous improvement, and has been a favorite of Texas motorists since 1931. The balanced quality of 997 is of special significance under today's driving conditions. Lower speed and restricted driving result in abnormal accumulation of moisture in the crankcase. The marked sludge-resisting properties of Humble 997 minimize the formation of harmful sludge.

In 997, all the qualities of quick starting, low consumption sludge-resisting tendency and low carbon content are combined in one motor oil, a completely balanced lubricant which performs equally well under all conditions of speed and temperature. Today, as never before, your car needs the safeguard of Humble 997 balanced lubrication.

HUMBLE

RATS

(continued from page one)
place where rats are known to be. Just put the poison out immediately and leave it out. Lack of personnel makes it impossible for us to reach the residence section with the crew making it necessary for all property owners. We are fortunate in being his own premises.

The program will be financed by the City and the Chamber of Commerce and is FREE to property owners. We are fortunate in being able to secure the free services of trained men from the Extension Service to help in these programs. Incidentally this will be the last campaign to be conducted for an indefinite period of time, as we have just been informed that it will be some time before any more poison will be available due to government regulations. Therefore it is very necessary that every body avail themselves of the opportunity at this time.

Mrs. C. E. Moses, the former Marjane Brock has completed her nurses training at King Daughters Hospital in Temple, and has returned to Cameron where she will be employed at the Cameron Hospital. Mrs. Moses will make her home with her parents, Mr. and Mrs. F. A. Brock while her husband, Lt. (j. g.) Moses is in service in the Pacific Theatre of operations.

CHURCH WEDDING

Mr. and Mrs. W. C. Cooper wish to announce the approaching marriage of their daughter, Marjorie Jane to 1st Lt. Frank M. Newton, U. S. Army Air Corps, Sunday, July 29, at 7:30 p. m. Maysfield Presbyterian Church.

All friends and acquaintances are cordially invited to attend the wedding and the reception, which will be held at the home of the bride immediately after the wedding

I AM DEEPLY GRATEFUL

I wish in this way to say that I am deeply grateful for the kindness shown me at Newton Memorial Hospital by the nurses, hospital staff and doctor. Also my many friends who sent flowers and all who in any way sought to make me both comfortable and happy. I will always remember you for your kindness and consideration

Mrs. Ben Thweatt.

Mrs. Lucille Malovets of Cameron visited her husband, Cpl. W. Malovets in San Antonio over the week end. Cpl. Malovets is stationed at Fort Sam Houston.

WONDERFUL RELIEF From Bladder Irritations!

Famous doctor's discovery acts on the kidneys to increase urine and relieve painful bladder irritations caused by excess acidity in the urine

There is no need now to suffer unnecessary distress and discomfort from backache, bladder irritation, and run-down feeling due to excess acidity in your urine — take the famous doctor's discovery — DR. KILMER'S SWAMP ROOT. For Swamp Root acts fast on the kidneys to increase the flow of urine and relieve excess acidity. Originally discovered by a well-known physician, Swamp Root is a carefully blended combination of 16 herbs, roots, vegetables, balsams and other natural ingredients. It's not harsh or habit-forming in any way — just good ingredients that help you feel worlds better fast!

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to Department E. Kilmer & Co., Inc., Box 1255, Stamford, Conn. Offer limited. Send at once. All druggists sell Swamp Root.

Famous to relieve MONTHLY FEMALE MISERY

(Also Fine Stomachic Tonic!)

Lydia E. Pinkham's Vegetable Compound is famous to relieve not only monthly pain but also accompanying nervous, tired, highstrung feelings—when due to functional periodic disturbances. Taken regularly—it helps build up resistance against such distress. Pinkham's Compound helps nature! Follow label directions. Try it!

Lydia E. Pinkham's VEGETABLE COMPOUND

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. It should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

MARCH OF TIME

Called upon by President Truman to take a stronger part in the Government, Congress today faces some of the most complex problems in U. S. history. The March of Time's "Spotlight on Congress" shows why Senators Robert Taft, Arthur Vandenberg and other members of the Republican Steering Committee (upper right) and House leaders, like Speaker Sam Rayburn, Majority Leader John W. McCormack and Democratic Whip Robert Ramspeck (lower left), are on new importance. Many people, both within Congress and outside, have expressed doubt that these men can do their job properly with Congress's present organization. The National Planning Association recently asked Industrial Engineer Robert Heller (lower right) to make a study of Congress and report his recommendations. Among these are elimination of seniority chairmanships of committees, increased salaries, pensions and an extensive research staff for Congressmen. If such recommendations are adopted, they will be the first major changes in Congress for thirty-five years.

VICK URGES DEFEAT OF HOUSE RESOLUTION 13

State Senator Kyle Vick urged members of Texas democrats to use their influence to defeat an amendment which would place a 35-million dollar annual ceiling on combined old-age, blind and dependent children assistance but stated that he favored the other three proposed constitutional amendments to be voted on in August. He further declared that combining the blind and dependent children assistance would hurt the old-age pensions and may decrease them to \$12 eventually.

Having authored and introduced the amendment extending the state supreme court to nine members, Vick asserted that six members of the commission of appeals had been writing opinions along with the three supreme court justices for a number of years, but had no voting power in the

cases. The amendment would allow present commissioners to fill unexpired terms of new justice seats created by his bill.

Regarding the amendment providing a free vote for members of the armed forces, he expressed the belief that in emergencies such as this, soldiers, sailors, marines and coast guardsmen should be extended this favor and said that he strongly supported this measure in Austin.

Senator Vick said that he voted for the bill increasing legislator's pay from \$10 per day for 120 days per year to \$7,300 for the two year term, although he was indifferent to the bill. Pay received by members of the legislature, he said, does not go very far. Living expenses in Austin are high, he declared, and expenses at home go on while the state governing body is in session. Higher pay might attract better legislative talent to the capital, he said.

Elwood Chamberlain of Walkers Creek was in Cameron Thursday.

Pfc. Mose Eilenberger Arrives in States

Pfc. Mose Eilenberger, Jr., son of Mr. and Mrs. Mose Eilenberger, Rt. 1, Buckholts, arrived at Brooks Convalescent Hospital, Brooks Hospital Center, Fort Sam Houston, July 7, 1945.

Eilenberger entered the Army January, 1943, and took basic training at Camp Howse. He served overseas as a member of the 5th Ranger Battalion, in the European Theatre of Operations, and suffered bullet wounds during action in Germany, for which he holds the Purple Heart. He also has the Distinguished Unit badge, Good Conduct medal, Combat

Infantry badge, and European Theatre of Operations ribbon, with three campaign stars, and one bronze arrowhead. He returned to the United States May 5, 1945. He has two brothers serving in the Army, Technician Fifth Grade William and Pfc. Charlie Eilenberger.

After processing in the Receiving Company of Brooks Convalescent Hospital, patients are assigned to various companies, depending upon their wounds, where a company medical officer personally supervises their return to full health.

Mr. and Mrs. G. H. McWherter and daughter Loretta of Kilgore are visiting relatives and friends in Cameron and Buckholts.

Mrs. Earl Humbird and daughter have returned from Temple where they visited relatives and friends. H. H. Chamberlain of Walkers Creek transacted business in Cameron Thursday.

Our Country Needs Still More Used Fats...And We're the Folks to Save them!

IN between the good news about the war these days, careful readers of the paper will see grave words about a serious national shortage that has a direct bearing on military and civilian production schedules.

Our domestic supplies of fats and oils will be approximately one and one-half billion pounds less than last year. Yet thousands of tons of fats are still needed to help make countless essentials for the battle- and home-fronts.

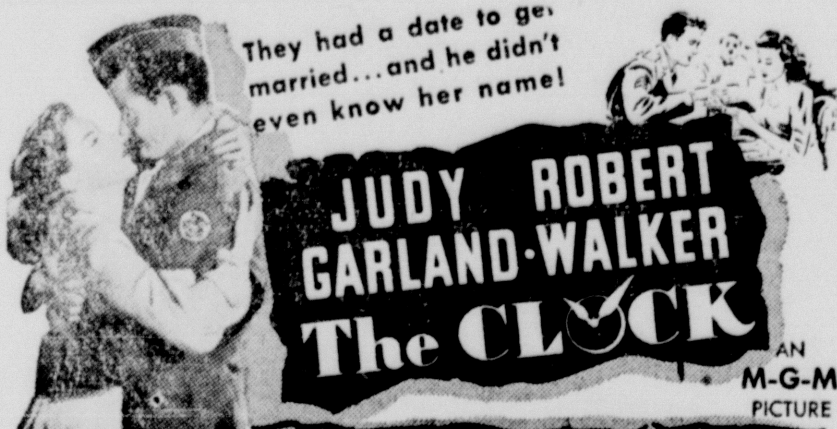

While country people have been doing an even better job of saving fats than the city folks, we must remember that, because of the meat situation, we are in a better position to save. That's why we can't afford to miss a trick.

So, let's save not only the big amounts from frying and roasting, but also meat trimmings, plate scraps, and scrapings. Melt them down once a week and add the liquid fat to the salvage can. Skim soups and gravies. Scrape every pan. Every drop is important.

When your salvage can is full, take it to your butcher, and get 2 red points and up to 4¢ for each pound. If you have any difficulty, call your County Agent or Home Demonstration Agent.

100,000,000 More Pounds of Used Fats Are Needed This Year!

Approved by WFA and OPA. Paid for by Industry.

Plenty of Convenience Outlets . . .

FOR FULL ENJOYMENT OF YOUR ELECTRIC SERVICE

When you build a new home or remodel your present one, you'll want to plan for full and convenient use of your present electric appliances with provision for the many improved labor-saving and time-releasing appliances you'll want to add in the years after the war. That's why you'll want to include Adequate Wiring in your plans.

ADEQUATE WIRING SIMPLY MEANS:

- 1—Plenty of convenience outlets for present and anticipated appliances and lighting needs.
- 2—Conductors with adequate capacity.
- 3—Enough circuits to distribute the electric load properly.
- 4—Adequate fuse protection for all circuits.

So include Adequate Wiring in your planning—it's the key to simplified housekeeping . . . electrically!

... AND REMEMBER that the war job is not over . . . we are all asked to keep on fighting and working for final and complete Victory. In the meantime . . . buy War Bonds and keep them. This is your assurance of full enjoyment of the better living tomorrow that Peace will bring.

TEXAS POWER & LIGHT COMPANY

MY 32 MONTHS A PRISONER OF WAR IN GERMANY

By
1ST. LT. FRANK M. NEWTON
United States Army Air
Corps

After induction and a few weeks during which to acquaint himself with the camp schedule, the prisoner becomes restless, and searches for something to do; anything to occupy his mind. There is too much time for thought in a prison camp. I can tell you how we did this, and at the same time, give you some idea of the camp organization.

Although the German camp staff

were in and out of the camp at all hours, never forgetting to notify us as to their own orders, and orders from the German High Command, the prisoners organized their own work inside the camp, and were reasonably independent in framing their camp schedules in regard to religious activity, study, sports and entertainment.

Some of the duties were ordered by the Senior Allied Officer and his staff. But as a whole, the prisoner was commanded to do very few things. And, for several good reasons, I believe his was a sound policy. A camp properties and supply officer was appointed, also a parcels officer; a ranking officer was selected for each barrack; and certain men were appointed to do special secret work. Outside these, and a few others, all jobs were voluntary. The morale and strength of a camp depended largely upon the men's ability to organize, and upon the support of every man to his fullest capacity. We did not have to work for a living. A

prisoner might eat and sleep, and do nothing else. It was a little co-operative community—all having the same amount and kind of food, the same clothes, and the same living quarters.

The educational field, though somewhat limited in technical studies, was sufficient to supply various classes, and to offer good reading to the entire camp. The British Red Cross, the European Student Relief Fund, and the Y. M. C. A. deserve much credit for the educational and recreational supplies sent to P. O. Ws. At times, the life was dreary and monotonous. You may well imagine what it might have been without good literature.

Someone interested in a particular course would organize a class and teach it so long as the group cared to pursue it. If there was no book on the subject, some graduate in the course would convey his knowledge to others. Many fine talks were given to the camp prisoners representing many nationalities, and all walks of life. Travel lectures, interestingly told, were given by men who had lived in foreign countries, and by many who had visited in other lands. My story would be too long, or else I could tell you of some of the amazing and adventurous experiences related to me by Poles, Lithuanians, Czechs, French and Englishmen. A few weeks before the end of the war I had a long talk with a Russian Colonel. Then I reminded myself, again and again, that there was much, much more, to learn. There was the necessity of man to know and try to understand his neighbor, and to realize that every peace-loving man is a neighbor. Here I saw a second side of the polygon of human life in this world.

Bill Barnes of Glen Spey, N. Y. was one of the finest organizers I have ever known. He also possessed the energy and the co-operative spirit to make our camp a better one. He was in charge of a program which he named "Every Night at Eight." And every night at eight, Bill had some form of entertainment for the camp. In good weather they were held outside; at other times, in the theatre which the prisoners planned and constructed with their own hands. He might present a talk on mountain climbing, a travel lecture, or a "Major Bowes" program. All of those involved were doing something. It might be hard work; it might be play. But if you liked what you were doing you had won the first round against the Battle of Time.

The prisoner spent all the time at sports that weather permitted. The YMCA and Red Cross of England, Canada and the US sent soft ball equipment, ice skates, and various types of indoor games. The Canadians constructed a small ice rink in the camp, and produced several good Hockey teams before the end of the winter season. In the spring and summer, track events were held for all prisoners who cared to enter. Of course our diet limited the amount of strenuous exercise, but few men suffered harmful effects from over-exercising.

The theatre entertainment was one of the Camp's largest recreational fields. In the spring of 1943 a shipment of musical instruments arrived, and it was not long until the Americans formed the Luftbandsters. The name of the band was phonetically similar to the German word describing American flyer — "Luftgangsters." Big name bands were represented. Maj. Diamond who had played with Ted Lewis and Paul Whiteman, was the lead reed man, and directed the band for many months. Lee Forsbladt, the son of the Director of Music, Fresno State, Calif., was our arranger. He played sax and clarinet in the band, but his instrument was the accordion. The combining influences of his excellent technique and the music from the souls of the imprisoned, stirred his listeners with strangely beautiful chords. "Dusty" Ranner and Bill Jones, trumpet players, were from Woody Herman and Dick Gergins. "Dusty" had also been with Jack Teagarden. Lt. Douglas of Massachusetts was on piano. Douglas made remarkable improvement in his playing while a prisoner, and also learned arranging, under the tutelage of Lee Forsbladt.

Most of the stage shows were comedy and musical varieties. There was, however, a good organization among the actors, and they produced a number of plays. You would be amazed at some of the stage productions, the stage designing, and the lighting effects.

Costumes, make-up material, etc., were utilized to the fullest, when obtainable, and the graceful "female," whether in a Shakespearian play or a "Camp Sagan Follies" possessed all the form and allure the fairer sex could possibly produce. Some of the boys worked for many hours learning to walk and talk like a lady, but were thoroughly convincing in well-played parts on the stage. Lt. Irving Biers,

N. Y., Director and Producer, and Maj. H. B. Houston, Baltimore, Md., Theater Officer, had their difficulties with "temperamental actors and "sit-down strikers," but did a fine job in stage entertainment.

Not all of the men could find work directly connected with Camp jobs and a small percentage were occupied in entertainment. Those who did not spend time reading, walking and talking, pursued their own hobbies and professions. Capt. Roy Deadman of Chicago, edited a little newspaper, publishing camp news, and articles written by "fellow Griegies." Some painted, and drew portraits. Those mechanically gifted made all sorts of contraptions, for their own amusement and for display to the camp. Even to see some of these articles is almost unbelievable.

Tinwork was valuable pastime. Most of our cooking was done in pots and pans, hammered out by the prisoners, of tin cans from the red cross parcels. One of the prisoners made a linotype machine. His materials were tin, wood, and a piece of string. It functioned perfectly and was used in our Adjutant's office for over a year. Several steam engines came off the "production line," and pulled their little cargoes across the fire pool to greet the cheering prisoners on the "far side of the water."

Sgt. G. W. Mitcham who has returned from the European Theatre of War has received an Honorable Discharge and is visiting relatives of Cameron.

Lt. Frank M. Newton And Marjorie Jane Cooper to be Married

Announcement of the approaching marriage of Miss Marjorie Jane Cooper to First Lt. Frank Newton of Cameron was made Sunday, July 8, 1945, at a luncheon when a few close friends of the bride-elect were entertained at the home of her parents, Mr. and Mrs. W. C. Cooper of Maysfield.

Home decorations were marigolds and bright hued Zannias. Nutfilled cups with bride and groom revealed the announcement "Marjorie Jane and Frank, July 29."

Miss Cooper and Lt. Newton were class mates in Yoe High School, and

also in the University of Texas. Miss Cooper was an honor graduate of Yoe High School. Lt. Newton is the son of Mrs. W. R. Newton, and the late Dr. W. R. Newton. He recently returned from Germany where he was held prisoner by the Germans for several months.

The wedding will be at the Presbyterian Church at Maysfield on Sunday July 29, 1945, at 8:00 p. m. Rev. C. W. Sanders, pastor of First Baptist Church in Cameron will perform the ceremony.

Mrs. Helen Floyd of San Antonio, Misses Lillie and Dorothy Sue Mitcham of Houston and Mr. and Mrs. Cecil Woods and family of Hearne are visiting their parents, Mr. and Mrs. Tom Mitcham.

CHARLES C. LIVELY MISSING IN ACTION

Mr. and Mrs. C. L. Lively of Bryant Station have been informed by the War Department, that their son, Charles Calvin Lively S 1-C U. S. N. R. is missing in action in the Pacific area, since May 27th 1945.

S1-C Lively entered the service on May 14, 1944, and received his basic training at Camp Wallace and San Diego, Calif.

He sailed for foreign duty in August, and up until March of last year he had been in the invasions of Leyte, Mindanao, Luzon and Corregidor, and others that he could not mention at the time he wrote. He also told of being at Pearl Harbor, Marshall Islands, Palau, Marcus Islands and New Guinea. He served on a Destroyer.

S1-C Lively was born in Temple, January 17, 1924, but was reared in Milam County, and graduated from Yoe High School in the 1940 Class.

Mrs. Elmo Obermiller of Cameron is a cousin of S 1-C Lively.

Eddie Daniels, Jr. Is Promoted

CALCUTTA, India—Eddie Daniels, Jr., son of Mrs. Ora Daniels, Rt. 3, box 154, Cameron has been promoted from private to corporal, it has been announced by his commanding officer.

Cpl. Daniels is a cook and the efficient manner in which he has performed his duty has won him much praise from his commanding officer. He has been in the India-Burma theatre since February 1944 and in the army since June 1943. In civilian life he was a farmer. His wife resides at Cameron.

Cpl. Daniels' unit is serving with the Base Section which leads military port installations throughout the world in the handling of vital war materials and which is under the command of Brig. Gen. Robert R. Neyland.

Mrs. Mabel McCrummens of Buckholts was in Cameron recently.

LIFE'S Little TROUBLES

-CAN'T SLEEP-

No need to lie in bed—toss—worry and fret because CONSTIPATION or GAS PRESSURE won't let you sleep. Be sensible—get up—take a dash of ADLER-1-KA

to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adlerika assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. Caution, use only as directed. Get Adlerika from your druggist today.

4 Legged Rats to Be Killed in City

An extensive city wide campaign to kill 4 legged rats will soon get under way.

The city government is co-operating and a special representative of the State Health Department will be here to assist and it was understood the local health unit will aid.

The campaign is to be thorough. A canvas will be made to get an agreement from each business house that special poison be placed. This will also be true in the residence sections.

The service is free and the pizen is free. Get in touch with the health authorities at once.

Mrs. Walter Mullinix and Mrs. Dan Lunsford and their mother Mrs. Garrett were guests of relatives and friends of Calvert Sunday.

CHRISTIAN SCIENCE SERVICES

"Life" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 22.

The Golden Text is: "Now that the dead are raised, even Moses shewed at the bush, when he calleth the Lord the God of Abraham, and the God of Isaac, and the God of Jacob. For he is not a god of the dead, but of the living: for all live unto him." (Luke 20:37, 38.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Fight the good fight of faith, lay hold on eternal life, whereunto thou art also

called, and hast professed a good profession before many witnesses." (1 Timothy 6:12.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality." (Page 487.)

Sgt. and Mrs. Jack Loftin have left for Magnolia, Ark., where they will visit relatives and friends. He will report for duty August 10, at Miami Beach, Fla

WEDDING ANNOUNCEMENT

Mr. and Mrs. F. A. Brock announce the marriage of their daughter, Marijane, to Lt. (j. g.) C. E. Moses, son of Mrs. C. E. Moses, Sr. of Rockdale, on January 12, 1945, at the Methodist Parsonage, at Rosebud, with Rev. Faust reading the ceremony.

Mr. and Mrs. Marshall Weems, have had word from their son, Pfc. Kenneth Weems, that he hopes to be home soon. Pfc. Weems holds the purple heart for wounds received in action in France.

Q. L. Cryer of Val Verde was in Cameron on business Friday.

From where I sit... by Joe Marsh

Pete Jr. Gets His Tenth Jap Plane!

Pete Swanson's son, Pete Jr., brought his tenth Jap plane down last week, and his dad couldn't help bragging.

But I got to thinking about Pete Senior: how he hadn't missed a day at the war plant since the war began; how he'd worked overtime and Saturdays and Sundays; how he'd kept himself in shape, been temperate and sensible, so that he'd be at work clear-headed, bright and early every morning.

So, when he invited us over after work to drink a toast to

his son in a sparkling glass of beer—I couldn't help toasting Pete Senior, too.

From where I sit, there's more than one kind of "ace" that's helping win this war... men like Pete Senior, too. And when the war is over, and the monuments are erected to its heroes, I hope they don't forget the workman on the home front—the man who stuck to his job like a soldier to his guns, until the Victory.

Joe Marsh
